

Greetings Fellow Rangeland Ecology Section Members,

If you're going to ESA this year, please plan to attend the joint Applied Ecology, **Rangeland Ecology**, Agroecology, and Long-Term Studies Section Mixer on **Tuesday, August 4, 2009: 6:30 PM-8:00 PM Galisteo, Albuquerque Convention Center**. We will discuss the possibility of starting or resuming a graduate student prize, themes for a Rangeland-oriented symposium and/or organized oral sessions, and announcing the new Vice-Chair. I am very interested in hearing what members (and non-members) think the role of this section of ESA should be. Please come and share your views. If you are not going to be able to attend the mixer but have thoughts you'd like to share on any of these topics, feel free to communicate them to me via email or phone.

Thanks & hope to see you there.

Rebecca McCulley
